

## **Diane Kirksey**

Diane Kirksey's presentation expands on the idea of forgiveness into Atonement. The definition of Atonement is: reparation for a wrong or injury. Before we head into Christmas, she'd like to explore this other side of forgiveness - From how we forgive... to how we try to make things right when we have done wrong to others.

Diane Kirksey - Unitarian Universalist for over 20 years. Has made an avocation of promoting Compassionate Communication and universal values.
