Hello classmates. Please include information about yourself that you would like to share with your fellow classmates. Take advantage of this opportunity for us to re-acquaint each other with our lives over the past decades. You'll be glad you did.

If you have trouble updating your profile [email me](#) your information/photo and I can do it for you, Bruce.

Note: It would be nice to see more 'current photos' (it would lessen the shock when we get together).

Carolyn Abraham

Carolyn Abraham Hafer
Spouse: Larry
5 Peaceful Lane
Charlton, MA 01507
508-248-0444
lehafer@verizon.net

Biography: I married in 1961. For the next twenty years and three days I am proud to say I was a Navy wife and danced with America's best. During this period Larry and I had four children, Diana, Pamela, Fred and Rita. At the end of Navy life I worked in manufacturing where I actually drew a paycheck for twenty years. The first employer was HBM Measurements for 10 years followed by Kidde Fenwal for the next 10 years. We now have 10 grandchildren, 5 boys and 5 girls that I love dearly. Five are currently attending college while the others are working toward their High School diplomas. My husband and I volunteer our time as board members with the REAS Foundation in Charlton, MA. helping seniors with energy assistance and fuel. In the winter we also volunteer for the annual Dante's Key West Half Marathon which gives me a valid reason to spend the winters in Key West.

Biography: I moved to Chicago in 1967 after college and grad school to work for Armour Dial in consumer products marketing. This led to a promotion to the parent company's Armour Food Div as Marketing and Sales Manager of a cheese plant in Portage WI. Not good! Then in 1973 a move back east to NJ to be Product Manager at Lehn & Fink on some Lysol products which migrated into New Product Development. Next was a move in 1976 to Airwick Industries in NJ with positions in Marketing, New Product Development, Marketing Services and Financial Management. When Airwick was sold, the new folks kept me for a year and I was exfoliated in 1986. Since then I've had a small consulting practice and done some financial planning for people. I joined H&R Block in 1997 as a seasonal tax preparer which continues. It is 15 weeks of intense fun that ends in time to enjoy the rest of the year

Family: None

Interests: International Travel - I've visited 99 of the 317 destinations on the Travelers Century Club list. Genealogy - I have data on over 900 families in one way or another connected to me. Antique cars - own 3 old Cadillacs and am past president (twice) of the Cadillac Club of North Jersey. Camp Becket - volunteer at this YMCA camp in the Berkshires I attended as a kid. Bird watching.

Education: The Huntington School for Boys '61 PG year, Colby College '65 BA, Amos Tuck School of Business at Dartmouth College, '67 MBA

Service: None

Comments: I read all the bios posted before creating mine. I'm astounded, but not surprised, at the variety of career paths and adventures we have had. Biography: After teaching in Walpole '66-'71, we settled in Los Alamos, NM in '74 'for 5 years' and have been here ever since, with the exception of a year I took to head the Black River Jr-Sr High School in Ludlow, VT in '94-95.

Los Alamos has many of the same qualities as Wellesley - highly educated, mostly affluent (teachers qualify for low income housing), and some that are like an old New England factory town, where everybody works here and everybody knows you. Located at 7,000 feet, it is surrounded by the mountains of the Santa Fe National Forest and the Bandelier National Monument as well as several Pueblos. The outdoors is just a stroll away.

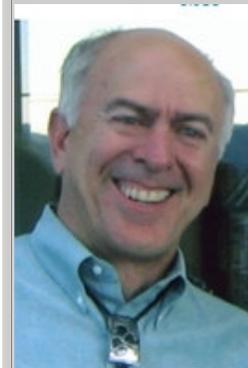

I served as a school administrator at all grade levels from '74-'94. From '96 to now I have run a home business as Dr Mac Computer Support.

Education: Williams (music) '64, Wesleyan (MAT music) '67. After teaching 5 years in Walpole, Stanford (educ. admin and policy analysis) PhD '70

Service: I felt like I ducked it, serving instead as an educator for 25 years, and admiring those who served in 'Nam. Lately I have been serving on local boards and commissions, tried a run for our governing Council, and helped found a Governmental Review Initiative to improve citizen participation in governance.

Cars have been my other interest, especially old cars and now electric vehicles. My '26 Paige from high school years didn't get to come out west; instead it went to New Orleans (wonder what happened to it). I currently have a '14 Model T which is a wonderful tourer, '30 American Austin, '50 Crosley (remember?!), '64 VW Beetle, '71 Honda 600, and '80 Mini. All non-splashy small or micro cars; except that the Model T was rated the Car of the Century, the Mini was runner up, and the VW was 4th: en.wikipedia.org/wiki/Car_of_the_Century

My electric cars are a '97 Bombardier NEV (low-speed), '00 GEM NEV, '07 ZENN NEV, and a '73 Porsche 914 electric conversion. This spring I reestablished NM chapter of the Electric Auto Ass'n - www.eaaev.org

Biography: After graduating from Wellesley College, I married Tom Seay, a graduate student at MIT from Birmingham, Alabama. He's been the love of my life (with some ups and downs) and we celebrated our 46th anniversary this August. We've lived in Cambridge, Lexington and Concord while he was at MIT Lincoln Lab and we had three kids. In 1980 in interesting job drew Tom to San Diego and the rest of us almost went into terminal culture shock when we arrived. Fortunately, after 30 years in Southern California, I happily call Solana Beach my home. Over the years Tom started and sold two companies involving satellite

For a 'feminist' I have lived a very traditional life as wife, mother and community volunteer. I worked for a few years as the executive director of the Coastal Community Foundation, but most of my time has been spent on volunteer activities. I served on the board of a comprehensive social service agency in Encinitas, CA for almost 20 years, six of them as president. I have been working with the League of Women Voters for more than 30 years in various roles and am currently co-president of my Local League. Basically, I'm trying to make the world a better place for all of our children and grandchildren

Biography: After graduating from college and going to secretarial school to learn shorthand so I could get a better job, worked at Fidelity Investments as executive secretary since 'girls can't manage money.' Sold my father's CPA firm when he was ill in 1972 and worked at the firm we sold out to for a year (where I was asked--what can a girl do for us?). Thank goodness times have changed. Controller at an MIT-based research firm until I moved to MN in 1980.

Met John in 1969 when he was on Wall Street. Then he decided to farm and breed cattle. He moved to MN in the mid70s. After telling all my female friends never to move for a man, I did just that, leaving beloved ocean behind. Now I live half the year in oceans of rustling corn and wheat

(soybeans and sunflowers don't rustle).

Did computer work in Dayton's (department store) advertising department until 1987. Then as Executive Director of the Social Investment Forum, I was involved in green investing when it was considered kooky.

From the mid90s to mid2000s set up and helped run an architectural firm part-time. Also a part-time project manager for a communications firm, working mostly with 3M clients.

In 1978, I had established my own firm -- fingerworks--to do some free lance work anticipating the move to MN. First gig was at Dayton's. I've edited a few books, magazines, and even wrote a book after I started selling on eBay in 2004. (How to Sell Health and Beauty Products on eBay, 2007) Still sell on eBay and do the odd project now and then.

Now we're back and forth from the city to the farm depending on my eBay schedule and John's consulting work. We only have 30 acres now, but the farm is still in his blood and more and more in mine. We're 15 miles from the South Dakota border in a tiny town (pop. 43).

Chickens are my new thing. First batch last year. Oh, they taste so good when they are allowed to behave like ... chickens.

Lots of gardening and canning so we can have fresh food. That started when I couldn't find sweet pickle relish in the stores here in 1980. Had to make my own. And it grew from there.

Biography: After high school I worked in Boston for Liberty Mutual Insurance and when I joined American Airlines as a stewardess I was based in NYC. I married my first husband in 1963 and we have two daughters, Sharon (1964) and Peggy (1966). I went to work for Sprague Electric in Worcester and after my divorce in 1968 I transferred with Sprague to Phoenix, Arizona. There I met my second husband and we lived there for four years. In 1975 he went to work in Dallas so we moved to Garland Texas. We had four children, Cynthia (1973). Amy (1975) Marcy (1978) and then finally a boy, Michael (1981). We moved to Abilene, Tx in 1977 and I have worked for the past 19 years for a large grocery chain as Scan Coordinator.

<i>Biography:</i>	After graduation with a voice degree from Westminster Choir College I married John Grimes, a Princeton graduate, from Lexington, Ky. Married life took us to Chicago and med school. I worked as an editorial assistant for the American Hospital Association until the birth of our first son, John Jr. We moved to Durham, N.C. for residency and John stayed on Duke Medical Center's staff as a urologist. Our second son, Will, was born in 1971 and in 1975 I went back to school (Duke). I taught there from 1981 to 1993, and from 1991-1995 at the University of North Carolina at Chapel Hill. Scotland, with grown children in England and Australia. Together we have fourteen grandchildren and four great-grandchildren. We split our time in England, Durham, and Furry Creek, B.C.

I had a stroke in 2004 and my p.t. was beading. I since have my own jewelry company, Kreative Karats, and get published in Stringing Magazine. I still sing and sang in Italy last year. Next summer we go to prague, Budapest, and Vienna. We both love animals and have four raccoons (Ricky, Rowena, Mindy, and One-Eyed Jack)in Canada and four cats in Durham.

Biography: Gay and I were married right after we graduated from college(Mt. Holyoke and Williams) in 1964. We lived in NYC for a couple of years, where I worked for the Rockefeller Foundation. In 1966 Gay's family business manufacturing English Leather men's toiletries moved out to NJ and we've been there, happily, ever since. I loved the stage of being mom to Ken (now 44) and Kate.

stage of being mom to Ken (now 44) and Kate (41) including all the usual scout roles, and PTA projects. Our family shared a passion for time away at our log cabin in the Adirondack mts - no TV, but lots of hiking, camping, canoeing, reading, puzzles, and hot chocolate by the fire. But somewhere in there I also went back to college and picked up an MA in Environmental Studies and a K-8 teaching certificate. I expected to teach science as our kids settled into jr. and senior high school, but by then Gay was traveling a lot to really interesting places like England, Austria, South Africa, and Southeast Asia and I didn't want to be tied to a school schedule and unable to accompany him fairly often. So instead I set up my own science program - a natural history component to complement the public school K-5 science curriculum. The idea was to give the kids outdoor, hands-on experience with the material they were getting only from books. For 2 years I taught the program on a volunteer basis so the local schools could assess the value of the classes...after which it became a paid program which kept me busy teaching pond ecology, plant biology, forest ecology and NJ geology on a part-time basis for about 15 years...and traveling with Gay at every opportunity....truly the best of both worlds! In 2001 I retired from active teaching at the Closter Nature Center, which had been the basic facility where I developed the program. We hired a full-time Director/Naturalist and the program (my 'baby') has really taken off. Now my primary 'job' (unpaid) is to help run the nature center in all its various programs. Somehow I seem to be just about as busy...but ready to begin pulling back. Other involvements include a long stint on our town's Environmental Commission, which includes management of a local community farm. The flip side of all this external busy-ness is a

strong inclination to nurture my own spiritual growth, essentially within the Christian tradition, but open to many forms of spiritual practice and the lessons of Jungian depth psychology. I have a Zen meditation practice, but am also active in our local congregational church. Perhaps like many of us, I'm looking to simplify my life while deepening my joys and significant relationships ...but it sure is a process with many twists and turns!

son Ken, wife and 2 kids live in PHX.
daughter Kate, husband and 2 kids live in Denver. Grandchildren are such a blessing!

Interests:

Remember, you folks voted me 'most athletic' so I don't want you to think I've become a couch potato! I still play tennis once or twice a week. Both Gay and I are avid hikers as well as volunteering frequently for hiking trail construction or repair. I've taken up golf at which I seem to be a really slow learner (surprising AND frustrating to me!), but I love it anyway :-> Reading - novels, current events mostly - is a favorite, too infrequently practiced pleasure. Did enjoy working my way through the Stieg Laarson trilogy this summer. Much of my reading is on CD's as I drive frequently back and forth to Needham (North Hill retirement community) to be with my mother, still alert, curious and pretty self-sufficient at 103!
