

Near You

There's just one place for me, near you. It's like
heav - en to be near you. Times when we're a -
part, I can't face my heart. Say you'll nev - er stray, more than
just two lips a - way. If my hours could be spent,
near you, I'd be more than con - tent near you.
Make my life worth - while, by tell - ing me that I'll spent the
rest of my days near you.
